To: [Planning Consultation \(DPD\)](#)
Subject: Mid Devon Local Plan Main Modifications consultation response
Date: 13 February 2020 11:27:25

Halberton Parish Council considered the Main Modifications at their Planning Committee meeting on 11 February 2020. Their response to the consultation is:

“Halberton Parish Council is disappointed that the Sampford Peverell development has been included within the main modifications as this will result in increased traffic, and it remains concerned about any development which will increase traffic through the already congested Halberton village.

The Council, in response to the views of local residents, also wants protection of the green space between Tiverton and the village of Halberton, in particular no development east of Manley Lane.”

--

kind regards
Karen Ward
Clerk, Halberton Parish Council
