Mid Devon District Council - MDLP review

My home was in Higher Town, Sampford Peverell and my parents still live there.....

Ref: MM45 -

Policy SP2 should be removed from the MDLP for all the reasons documented in the hundreds of objections posted about the recently rejected and premature application by Placeland.

If this does not happen then the Green Infrastructure shown on the policy map for SP2 should be EXCLUDED from the settlement boundary and thus remain as part of the countryside.
